RE: Southern Nevada Health District Weekly COVID-19 response Update

The following is a summary of recent developments in response to COVID-19:

- Vaccine updates for first and second doses are frequently posted to the Health District's website. Current information is highly accurate, and it is recommended to be reviewed for all questions. Appointments are required, and availability opens up to seven days in advance. <https://covid.southernnevadahealthdistrict.org/vaccine/>
- Recent updates to vaccination process and availability:
 - A state-wide centralized call-center/helpline for all COVID vaccinations will provide information and schedule/cancel appointments. **1-800-401-0946**
 - Same-day appointments are available at vaccination sites.
 - On April 5th, vaccinations will be open for all eligible individuals.
 - Additional community partners are also providing vaccinations to eligible groups:
 - UMC: www.umcsn.com/COVIDvaccine or call 702-789-5160.
 - Nevada System of Higher Education (NSHE) at UNLV/CSN: <https://www.unlv.edu/coronavirus/vaccine>
 - Please contact any pharmacy directly for information on vaccinations as their eligibility may differ.
- Vaccine services for Senior Citizens:
 - A joint transit project with RTC and the IMT is now available. Any senior community or living facility can arrange a bus to transport seniors to Cashman for vaccinations. The area needs to be able to accommodate a 60-passenger bus. The seniors only have to get on the bus. When they arrive at the vaccination site, everything will be done on the bus, and the seniors won't even have to leave their seats. Any community/organization wanting to arrange this service can email vaccinetransit@clarkcountynv.gov
 - A joint project between the IMT and Meals on Wheels will soon begin to allow a vaccination team to coordinate vaccinations with meal delivery.
- SNHD's COVID-19 Isolation and Recovery Site (IRS) will be ceasing operations effective March 31st. Should you have a COVID-19 positive client who needs a safe place to isolate, call the County's Non-Congregate Matcher at 702 420-8219 to arrange for placement. Community resources and access to services can be provided by dialing 2-1-1 or texting your zip code to 898211
- The Nevada Resiliency Project offers behavioral health guidance and assistance for our community. <https://www.nevada211.org/nevada-resilience-project/>
- For up-to-date COVID-19 testing sites, information, data, documents, and guidance, please visit www.snhd.info/covid19
 - Community free collections/testing is available at UNLV/Stan Fulton Building and the Health District 280 S Decatur location.

- Additional community testing will be available through the Health District at:
 - Tuesday, March 29, 9 am at The Center 401 S Maryland Pkwy
- Wednesday April 7 8AM-1PM SNHD will be hosting a FREE COVID Post-Spring Break testing event at Allegiant Stadium. All collections will be drive-through provider-collected nasal swabs with results 72 hours. This will help our community to respond to a possible increase in cases due to travel as we work towards vaccinations. Anyone visiting can also be tested.
