

### **Transportation For Seniors Age 65+:**

The Southern Nevada Health District and Regional Transportation Commission of Southern Nevada (RTC) are partnering to assist individuals, age 65 and older, who need transportation to receive the COVID-19 vaccination. A roundtrip will be provided from their residence to the designated vaccination site. This service is a socially-distanced, shared ride with multiple pickups each trip. Eligible individuals are asked to plan for up to three to four hours for the roundtrip.

#### **To book a ride:**

Call the COVID-19 Vaccine Transportation Assistance line at: **(702) 901-8445**.

Monday-Friday, 8 a.m.-12 p.m. THIS LINE IS NOT FOR VACCINATION APPOINTMENTS.

#### **Please note:**

- After scheduling your ride, do not book a separate vaccination appointment. You will fill out paperwork on site the day of your trip.
- Vaccinations for this service are only available Tuesday-Saturday, 10 a.m. to 11 a.m.
- This service only offers the single dose Janssen (Johnson & Johnson) vaccine.

#### **Know before you go:**

- Notify booking agent if caretaker or interpreter will accompany the passenger during the trip.
- Vaccination trips will be scheduled a minimum of two weeks out from the date you book your ride.
- Please bring a photo ID and health insurance or Medicare card.
- Plan for up to three to four hours for the roundtrip service.
- At this time, this service is only available for vaccination trips to the Cashman Center.

#### **Day of Transport:**

- Passengers will be picked up from their residence and are asked to be ready to board when the vehicle arrives. Face masks are required.
- Driver will make multiple pickups before driving to the vaccination site.
- Upon arrival at the vaccination site, vaccinators will board the vehicle, hand out vaccine paperwork before administering the vaccine.
- Passengers will stay on the bus throughout their 15-minute observation period before returning to their residence.

If you have any questions and/or need to schedule transportation:
